### What you'll learn

- ✓ Go from Zero skills to building Powerful Web Applications on a highly professional level using the latest 2021 Web Technologies.
- ✓ Use a Portfolio of over 15 highly professional websites, Games and Mobile apps you would have developed during the course to take your career to the next level.
- ✓ Create real life mobile apps and upload them to the IOS App Store and Google Play.
- ✓ Use HTML5, CSS3, Flexbox, Grid & SASS to build website content and add stunning styling and decoration.
- ✓ Use Javascript, jQuery & jQuery User Interface to create Interactive Websites and Games.
- ✓ Use Twitter Bootstrap to produce Responsive Websites that will adapt to any device size.
- ✓ Use Back End Technologies like NodeJS, PHP, AJAX, JSON to build dynamic database-driven websites.
