What you'll learn

- ✓ Master programming in Python, a popular language that powers codebases in tech companies like Instagram, Pinterest, Dropbox and more
- ✓ Apply your knowledge to solve common interview questions, algorithms and coding challenges
- ✓ Progress from core language fundamentals to advanced features like classes, decorators and unit testing
- ✓ Dive into the mechanics of Python's data structures including strings, lists, dictionaries, tuples, and sets
- ✓ Explore a dynamic curriculum with videos, quizzes, written assignments, in-browser coding challenges and more
- ✓ Build complete projects including card games, web scraping tools, and more!

Course content

36 sections • 412 sessions • 58h 3m total length

Chapter 1: Setup & Introduction

Chapter 2: Welcome to Python

Chapter 3: Number, Booleans and Equality

Chapter 4: Variables

Chapter 5: Functions

Chapter 6: Strings: The Basics

Chapter 7: Strings: Methods

Chapter 8: Control Flow

Chapter 9: Lists: The Basics

Chapter 10: Lists: Iteration

Chapter 11: Debugging

Chapter 12: Lists: Mutation

Chapter 13: Lists: Methods

Chapter 14: Built-in Function

Chapter 15: Tuples

Chapter 16: Objects and References

Chapter 17: Dictionaries: The Basics

Chapter 18: Dictionaries: Iteration

Chapter 19: Sets

Chapter 20: Modules

Chapter 21: Reading from and Writing to Files

Chapter 21: Decorators

Chapter 22: Classes: The Basics

Unleash your potential
CLASSES

Requirements

- A Windows, MacOS, or Linux computer.
- An Internet connection
- A modern text editor (Visual Studio Code is installed and used in the course)
- Persistence and dedication!

Who this course is for:

New developers eager to tackle a powerful but simple programming language

Existing programmers looking to learn Python, the world's most popular programming language

Everything about

Courses Details

This courses includes

-  58 hours on-demand video
-  6 article
-  62 downloadable resource
-  64 coding exercises
-  Unlimited access
-  Mobile and TV access
-  End of training certificate
